### Thanksgiving Program

Lake Superior and Lake Ontario have been practicing diligently throughout the past few weeks. The students are so excited to perform their special Thanksgiving and Fall themed songs for your entertainment on Wednesday, November 23. Please remember that students may wear dress code or better. The performances will be held in the gymnasium promptly at 1:30. Refreshments will immediately follow the performance. If you have volunteered to donate items for this day, please bring the items in the morning or the day before. Parents wishing to get a head start on the holiday may take their child home after the program. I ask that you please notify me before leaving and please remember to return to the classroom to retrieve your child's backpack. Happy Thanksgiving!

### What Else Counts as Reading?

I am frequently asked, "What else can my child read besides books?" The answer is many things. With the holidays fast approaching here are a few holiday friendly ideas: computer reading games and searches (adult supervised), word games, writing a story or making a list together and reading it afterwards, reading the instructions to create a craft, or following a recipe to cook or bake. Any of the above qualify as Reading. Anytime a child is exposed to written words and language he/she is learning to read. The most important thing to remember is enjoy reading together.

### Thanks So Much!

I would like to take the time to thank everyone for the fantastic turn out during conferences. I am so thankful to have a classroom with such wonderful parental support!
