What's Happening

The students in Lake Ontario have been hard at work learning how to rotate from center to center in the classroom. They are doing a terrific job and are able to do it independently. The students have been working in their practice books each morning during reading directive. Some of the students are learning how to print their letters. Others are working on learning sight words and reading stories.

In Math, they are learning how to write the numbers from 0 to 20 and to count sets of objects that have up to 20 objects. The students are also learning how to count by ones and tens to one hundred.

A huge "thank you" to all of the family members who joined us on our recent field trip to Gust Brothers Pumpkin Farm. We couldn't have had such an awesome field trip without your help. We truly appreciate you taking the time to spend the afternoon with our class.

Pictures from our field trip were posted to our Facebook page. You can become a fan of our page by going to Facebook and searching for Lake Ontario New Bedford Academy.

Reminders

Here are just a few friendly reminders. Now that the weather is turning colder, please send your child dressed in clothing that is appropriate for the weather. Sometimes the students have a morning recess. It is still chilly at this time of the day. So the students need to have a coat or sweater to enjoy playing outside without being too cold.

Please send a healthy snack to school with your child each day. Remember that the snack shouldn't be junk food. Appropriate snacks include: cheese and crackers, fresh fruit, pretzels, fresh vegetable and dip, etc. Chocolate and sugary snacks are not appropriate for morning snack time. Thank you for helping us to teach your child good eating habits.
