CAMP!!!!

*Camp is next week! Wow that came quick! Please be sure to have all medications, in its original container, in a plastic bag with your child's full name on it. Bring this Monday morning and give directly to your child's teacher.

*All their personal belongings should be in a suitcase or garbage bag with their name on it as well. No more than 2 bags. Students must be dropped off at school on Monday as their bags will be too large to bring on the bus.

*Students may wear jeans Monday to school.

*We will be returning back to school on Friday, April 24th around 11:30. Parents should pick their child up from school on Friday as well.

~Future Happenings:

- M-Step testing has officially begun. The 5th graders are currently taking their tests now and will continue the week after camp. The 6th graders will begin their testing the week of May 18th. Scantron testing will also start the week of May 11th. Please make sure your child is getting plenty of sleep and eating healthy, nutritious breakfasts.
- Lake Huron students will be going on 2 field trips in May. May 8th will be to the Valentine Theater. This is the field trip that we needed to post-pone back in March. This field trip is already paid for. The next field trip is Tuesday, May 19th, to Fifth Third Field to watch a Mud Hens game. Please be sure to have the \$11 paid by the end of April. This payment needs to be in early to ensure we get the tickets in time.
